Open Letter

On Proclaiming the True Love, the True Family and the Blessing Ceremony of 36 Million Couples toward the Realization of a World of Peace.

As we prepare to enter the third millennium, we human beings must reflect on history and seek to understand God's original ideal of creation. We must set an eternal pattern for how we should live in the future, and determine ourselves to follow it.

Originally, God's ideal of creation was for Adam and Eve to become the first true parents, establishing a true family with God at its center, and then realize the eternal foundation for God to be present on this earth by establishing a true nation and a true world of peace.

The Lord of the Second Coming comes as the True Parents, fulfilling God's will for the True Family.

In Adam's family, however, Adam could not fulfill God's will for the true family as the true parent due to his fall. Jesus therefore had to come and restore this on the national level. As the First Adam had fallen, Jesus, as the Messiah, came as the second Adam. Jesus was also unable to establish the True Parents' family, however. This is why he promised to return. Accordingly, the Third Adam must come and make restitution for the mission of the True Parents on the world level..
